"Let there be no shortage of coal. Lack of coal means limiting our war ndustries. Railroads and shipping are showed down and the army cannot be revoked with means to deliver the felling blows needed to end the war. Without coal we shall be without guns and ammunition to use against the memy. The man in the mine helps he man on the field. Why pay high prices for Liver and Bowel remedies when none are better than Dr Carter's K. and B. Tea, which is purely vegetable, can be brewed at home, and a small package will last a long time?

Thousands of old people will tell you they have been drinking it for years, and after the liver and bowels have been put in fine condition in a few days by a before bedtime cup, that only a occasional cup is afterwards necessary to keep one feeling fit and fine.

People who drink a cup of Dr. Carter's K. and B. Tea once in a while, seldom, if ever, have any bilious attacks, sick headche or sallow skin. It's good for boys and girls, especially those who are peevish and fretful. Druggists have been selling it for many years.—Adv.
